WHAT'S NEW FOR 2019.

A SELECTION OF 12 EXCLUSIVE DECORS IN KÉR FINISH AND 3 NEW STONE PATTERNS IN LOSA FINISH.

The expressive strength of Kér finish is interpreted through twelve stylish decors inspired by elegant textured abstractions. Three new decors offer new aesthetic possibilities to Losa finish, characterized by a structure that echoes stone cut at a 60-degree angle and strong three-dimensional effect.

La forza espressiva di Kér è interpretata da dodici decorativi unici dai pattern raffinati, ispirati a eleganti astrazioni materiche. Una selezione di tre nuovi decorativi offre nuovi scenari estetici alla finitura Losa, caratterizzata da una struttura che riproduce il taglio della pietra inclinato a 60 gradi e da un forte effetto tridimensionale.

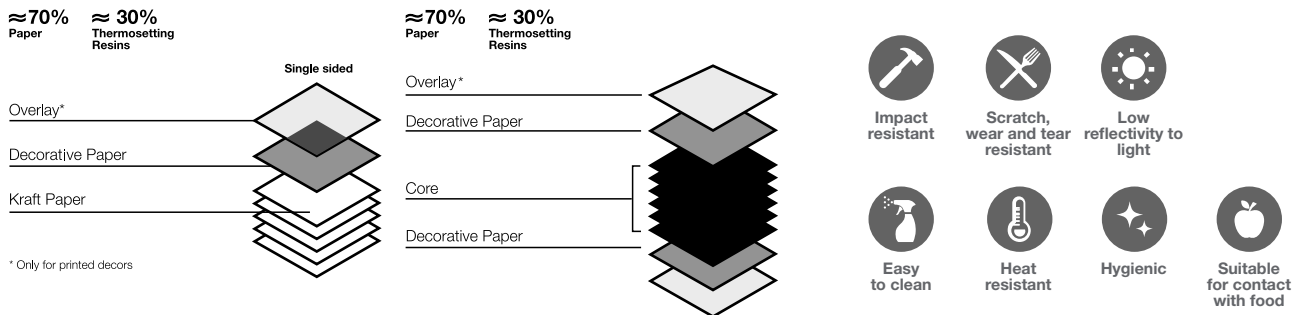

L'intensité expressive de la finition Kér se traduit par douze décors élégants qui s'inspirent de motifs abstraits texturés et raffinés. Trois nouveaux décors offrent de nouvelles possibilités esthétiques à la finition Losa, caractérisée par une structure qui rappelle une pierre taillée à un angle de 60 degrés et par un effet tridimensionnel marqué.

La fuerza expresiva del acabado Kér, interpretada a través de doce modernos diseños inspirados en elegantes abstracciones texturizadas. Tres nuevos diseños que ofrecen nuevas posibilidades estéticas al acabado Losa, caracterizados por una estructura que repite el corte piedra en un ángulo de 60 grados y por un fuerte efecto tridimensional.

Die Ausdruckskraft des Kér-Finishs wird durch zwölf stylische Dekore interpretiert, die von eleganten strukturierten Abstraktionen inspiriert sind. Drei neue Dekore bieten neue ästhetische Möglichkeiten für die Losa-Ausführung, die sich durch eine Struktur auszeichnen, die an Steinschliff in einem Winkel von 60 Grad und einen starken dreidimensionalen Effekt erinnert.

HPL PROPERTIES

The most important quality characteristics of decorative High Pressure Laminates according to EN 438.

ARPA HPL APPLICATIONS

Retail and Contract (restaurants, hospitality, public indoor areas, sports centres, SPAs, airports)
Tables, counter tops, doors, cubicles, lockers, cabinets.

Kitchens

Worktops, tables, doors, shelves, cabinets, trolleys.

Offices

Tables and horizontal surfaces, wall lining, cubicles, lockers, cabinets.

Healthcare

Wall lining and horizontal surfaces, cubicles, lockers, cabinets, trolleys.

Transportation

Wall lining, tables, counters, trolleys.

Bathrooms

Worktops, shelves, cabinets.

Design Furniture

Arpa Industriale is a single member company under the direction and coordination of Broadview Industries B.V.

WHAT'S NEW FOR 2019. INTRODUCING THE NEW KÉR FINISH: TACTILITY AT FIRST SIGHT, ELEGANCE AT FIRST TOUCH.

Kér finish is a matte texture with sensuous tactility. It is suitable for both horizontal and vertical applications.

Kér finish is available in "Thin" and "Solid" (compact) HPL.

Una texture opaca che aggiunge sensuale tattilità alle sue proprietà di resistenza.

La finitura kér è adatta sia ad applicazioni orizzontali che verticali ed è disponibile in HPL sottile e compatto.

La finition Kér est une texture mate au toucher sensuel. Elle convient aussi bien aux applications horizontales que verticales. La finition Kér est disponible en panneau stratifié « Thin » et « Solid » (compact).

El acabado Kér es una textura mate con tactilidad sensual para aplicaciones horizontales y verticales. El acabado Kér está disponible en "Thin" y "Solid" (compacto) HPL.

Kér Finish ist eine matte Textur mit sinnlicher Taktilität. Es ist sowohl für horizontale als auch für vertikale Anwendungen geeignet. Kér-Finish ist in den Ausführungen "thin" und "solid" (Vollkern) HPL erhältlich.

Over 60 years of research and technology

Since 1954 Arpa Industriale has been designing and manufacturing panels with high quality HPL technology for the most diverse applications: from architecture to interior design, from healthcare to shipyards, from transport to hospitality, from retail to kitchens. It offers a vast range of choices of products, extremely varied in both structure and appearance. Arpa HPL are produced at the 150,000 sqm plant in Bra, Piedmont, with all the expression of lively and original creativity that the "made in Italy" label stands for. The 60 years of investment in research & technology and staff training have enabled Arpa to gain a leading position on the international markets and a reputation for great reliability: it is an industrial firm that stands out for the expertise of staff, the quality and variety of what it offers, its manufacturing flexibility and its range of services.
